

## Creating our Subdivision Framework

### Playing on the subdivisions

Up to this point, we have been playing most of our chords on the main beats of our song. Ex. We play when we see a chord or a slash on our chord chart. Ex. **C / / /**

In today's lesson we are going to learn how to play the main beats AS WELL AS the subdivisions of the beats with our left hand, during faster songs. This will give a feeling of energy and excitement in our playing.

<b>RH</b>	<b>C</b>		<b>/</b>		<b>/</b>		<b>/</b>	
<b>LH</b>	C	C	C	C	C	C	C	C
<b>COUNT</b>	1	+	2	+	3	+	4	+

### Exercises

Exercise #1: **C / / / F / / / Dm / / / G / / /**

Exercise #2: **C / / / Am / / / F / / / G / / /**

Exercise #3: **C / / / C / / / F / / / F#dim / / /**

## Applying the Framework

Here is how we would normally play this chorus:

**C // / C / / / F // / C // /**  
I'll fly away, oh glory, I'll fly away  
**C / / / C / Am / C / G / C // /**  
When I die, hallelujah by and by, I'll fly away

Here is how we can play it while adding in the subdivisions:

**C + / + / + / + C + / + / + / + F + / + / + / + C + / + / + / +**  
I'll fly a- way, oh glory, I'll fly a- way  
**C + / + / + / + C + / + Am + / + C + / + G + / + C + / + / + / +**  
When I die, halle- lujah by and by, I'll fly a- way
