

A New Type of Walk-up (5-1)

What is a “walk-up”?

A walk up is a series of notes/chords between one main chord to another main chord. This adds interest in our playing and creates variety in the **left-hand** rhythm. For now, the right hand will stay the same during the walk up.

Let’s review a walk up that starts on the FIFTH scale note and ends on the FIRST scale note.

C Major Scale: C D E F G A B C D E F G A B C

1 2 3 4 5 6 7 1 2 3 4 5 6 7 1

The following is played with both our right and left hand: G G G G C C C C

A 5-1 walk-up looks like this: (G G) G G C C C C (CHORDS)
(G G) G A B \flat B C C C C (SINGLE NOTES)

A walk-up is notated like this:
